# RESOLUTION NO. 98

TITLE: A RESOLUTION CALLING FOR THE BUREAU OF FLOOD PROTECTION AND DAM SAFETY OF THE NYS DEPARTMENT OF ENVIRONMENTAL CONSERVATION TO TAKE THE FOLLOWING ACTION REGARDING THE NEW YORK CITY DEP DAM AT GILBOA, NY AND THE BLENHEIM/GILBOA PUMPED STORAGE PROJECT OWNED BY NYS POWER AUTHORITY, FERC #2685

OFFERED BY: Philip Skowfoe Who moved its adoption.

SECONDED BY: James Buzon Chairman Rules & Legislation Committee

WHEREAS, on September 26th at approximately 11:20 PM a 3.0 magnitude earthquake was recorded with its epicenter 8 miles deep and located beneath the western side of the upper reservoir of the NYS Power Authority's Pumped Storage Project located in Gilboa and Blenheim, New York, and

WHEREAS, both the DEP and the NYPA dam and its upper storage reservoir are constructed over the Nose Fault, and

WHEREAS, the depth of the earthquake is such that it was most likely not due to seepage of water but to internal force, and

WHEREAS, pumped storage projects are frequently shifting billions of gallons of water which creates a fluctuation of 10 to 20 million tons of force, and

WHEREAS, during a major weather event that could involve the Probable Maximum Flood this would greatly increase the stress on this fault and possibly maximize the probability of an earthquake coinciding with a flood, and

WHEREAS, if the integrity of either of the embankments of the 3 reservoirs failed, it would cause devastation to the entire Schoharie Valley and beyond, now, therefore, be it

RESOLVED, that the Schoharie County Board of Supervisors requests that the Bureau of Flood Protection and Dam Safety of NYS Department of Environmental Conservation, Alan A. Fuchs, P.E. Bureau Director and Alon Dominitz, Section Chief, Dam Safety Division, undertake the following action:

Obtain the services of Dr. Robert D. Jacobi, of S.U.N.Y. Buffalo to investigate the cause or causes and implications of the recent earthquake at the Blenheim/Gilboa Pumped Storage Project and its possible effect on the earthworks of the NYC DEP dam at Gilboa. Dr. Jacobi is a structural geologist and the preeminent authority on faults and earthquakes on the eastern North American continent. Hopefully his study would address three [3] concerns:

1. Determine the origin and the impact of the quake on the integrity of the infrastructure at the Blenheim/Gilboa facility in particular, and upstream at the NYC DEP owned dam at Gilboa.

2. Mute superficial assurances that the earthquake was of little significance, until the true facts are known.

3. Since almost catastrophic combinations of natural disasters and infrastructure failure had occurred at Blenheim/Gilboa facility during Hurricane Irene, he could hopefully assess the possible synergism between an earthquake and a major flood event, if they were to occur simultaneously.

Funding for this research should be paid by NYPA, the owner of the utility and property that this tremblor originated under and whose facility is built over it.

# RESOLUTION NO. 102

TITLE: RESOLUTION SEEKING STATE ASSISTANCE WITH THE NEW YORK TAX CAP

OFFERED BY: J Carl Barbic Who moved its adoption.

SECONDED BY: James Buzon Chairman Rules & Legislation Committee

WHEREAS, in 2011, New York Governor Andrew Cuomo and the New York State Legislature adopted what is commonly referred to and known as New York State's Property Tax Cap to address New York's increasing property taxes; and

WHEREAS, the Property Tax Cap set in place a cap on growth of property taxes in New York whereby real property taxes are capped at two percent [2%] per year or the rate of inflation, whichever is less; and

WHEREAS, the focus of the tax cap has been on the laudable goal of driving down costs of government services through cuts and consolidation in services and heightened economic development aimed at alleviating the pressure of the tax cap; and

WHEREAS, while increasing economic development everywhere in New York State is an important and laudable goal, New York's towns and counties, especially those in Schoharie County, face particular hardships when seeking development projects; and

WHEREAS, communities within Schoharie County find themselves at a significant crossroads; higher regulatory and financial obligations for aging infrastructure versus compliance with the tax cap, as well as still facing millions upon millions of dollars of costs to rebuild lost infra structure from the top to bottom of Schoharie County from the ravages of tropical storms Irene and Lee; and

WHEREAS, most communities within Schoharie County have already taken significant steps aimed at cost savings within their communities including significant reductions in highway and DPW staff and other staffing cuts; and

WHEREAS, Schoharie County residents and taxpayers are at a breaking point with the need for meaningfully services and roads and the ever decreasing revenue with which to supply such services and needs; and

WHEREAS, the communities within Schoharie County hereby ask Governor Andrew Cuomo and members of the New York State Legislature to help the residents and taxpayers of Schoharie County with regulatory relief and financial assistance to help our communities to comply with the Tax Cap, especially considering the additional fact that generally with every state-cut there is an associated state mandate passed down to local municipalities which counts against the tax cap, thus, rigging the game so it becomes impossible for local governments to stay under the cap; and

WHEREAS, it is only fair that as each municipality cuts its already bare-bones budget to meet the 0.73% tax cap that they should be allowed to cut a proportional share from each state mandate so as the pain for cuts is felt where it rightly belongs, and that municipalities should then be allowed to withhold said proportional amounts from what is remitted to the State of New York;

NOW, THEREFORE, BE IT RESOLVED, that the Schoharie County Board of Supervisors asks Governor Andrew Cuomo and members of the New York State Legislature to help the residents and taxpayers of Schoharie County with regulatory relief and financial assistance to help our communities comply with the Tax Cap; and

BE IT FURTHER RESOLVED, that a copy of this Resolution be forwarded to Governor Andrew Cuomo, New York State Association of Towns and Villages [AATV], New York State Association of Counties [NYSAC], Senator James Seward and Assemblyman Peter Lopez.

# RESOLUTION NO. 103

TITLE: EXPRESSING REGRET FOR THE DEATH OF DANIEL SCHUPPEL, FORMER SUPERVISOR OF THIS BOARD FROM THE TOWN OF SHARON

This Board has been saddened by the recent death of DANIEL SCHUPPEL, who honorably served as a member of this Board of Supervisors from the Town of Sharon from 2000 to 2003. We must content ourselves by expressing in a few sincere, heart-felt words the respect, the esteem, the admiration, felt by each of us and of our grief caused by his untimely death, and we hope to inscribe these comments as a worthy memorial.

While few here may say that they knew him except from afar, those of us who still remain do remember him as a gentle giant, loveable by all measure, a gentleman through and through, a farmer by vocation, mild in manner but firm in conviction, intelligent, always a firm grasp of the issues, a worthy debater, and a laugh that would start yesterday and stretch into tomorrow.

Understanding the finality of death, we part in saying to our friend, neighbor and former member of this Board, that you will be missed, our thoughts will always be with you and of you, and our hopes and prayers are that your soul now sits with God, now, therefore, be it hereby

RESOLVED, that this Board of Supervisors expresses profound regret for the death of DANIEL SCHUPPEL, and that when this Board adjourns today, it shall do so out of respect for this former Supervisor, and be it further

RESOLVED, the Clerk of the Board of Supervisors is hereby directed to furnish a copy of this Resolution to the family of DANIEL SCHUPPEL, expressing this Board's deepest sympathy.
