Cobleskill Regional Hospital is a 40-bed not-for-profit hospital founded by the people of Schoharie County in 1956. The hospital provides a broad range of inpatient and outpatient services, including an emergency department staffed around-the-clock by highly qualified physicians, inpatient care for medical conditions, outpatient surgery, short-stay inpatient rehabilitation, outpatient rehabilitative services (including physical therapy), open MRI and state-of-the-art medical imaging, comprehensive laboratory services, a sleep lab, and 19 specialty clinics in areas such as cardiology, women's health, orthopedics, and more.

Emergency Services The doctors and nurses of Cobleskill Regional Hospital's Emergency Department care for more than 12,000 patients per year. . Patients are entitled to a medical screening in the Emergency Department regardless of ability to pay. Patients of all ages, with all types of illnesses or injuries, are treated,. About one in three of our patients requires high-level emergency care, so we're accustomed to dealing with medically complex emergencies

For most cases, we provide total diagnosis, care, and treatment on site. For those who need the highly specialized services of a major medical center, Cobleskill Regional Hospital serves as a gateway to the appropriate level of needed services. In many instances, our affiliation with Bassett Healthcare facilitates access to advanced services and follow-up at Mary Imogene Hospital in Cooperstown and with Bassett Healthcare specialists.

- 24/7 physician staffing
- Fully certified nursing staff
- The most up-to-date treatments and diagnostics
- Experienced care for people of all ages -- parents can count on us when it comes to caring for children.
- Affiliation with Bassett Healthcare ensures access to specialized services, advanced technology, and expert medical specialists
- Close working relationship with area EMS and paramedic services
- Disaster preparedness and response for our community

Inpatient Services are available for adults who require hospitalization for medical conditions. Patients are admitted by physicians in the community or through the Emergency Department. Cobleskill Regional Hospital's inpatient unit is staffed by a team of experienced registered nurses, licensed practical nurses and certified nurse's aides who provide caring and personalized care. Contact for information: Clinical Nurse Manager 518-254-3326 or main hospital phone 518-254-3456.

Short-Stay Rehabilitation Program The hospital offers comprehensive short-term inpatient care for patients who are unable to recover from an injury or illness at home. Patients and their families often turn to this program following a brief hospital stay or in place of full-scale

hospitalization for a major health problem. This program stresses continued recovery and assists patients with returning to a more independent level of functioning. Many of the patients in the Short-Stay Rehabilitation Program are over age 65 and have healthcare coverage through Medicare. In general, to be covered under Medicare the patient must

- Have been hospitalized for 3 or more nights within the past 30 days
- Have partially recovered
- Require skilled care on a daily basis (includes intravenous medication, complex wound care and dressing changes, post-surgical follow-up care, monitoring of new/changed medications, and rehabilitative therapies for strengthening and endurance)
- The contact person for admission is the Clinical Nurse Manager, 518-254-3326

Access to Medical Specialists: The Hospital provides access to medical specialists in the following areas:

Heart (Cardiology) * Cancer (Oncology/Hematology) * Bones and Joints (Orthopedics) * Lungs/Breathing/Sleep (Pulmonary Medicine) * General Surgery * Urology * Diabetes, Thyroid, and other Gland-related Diseases (Endocrinology) * Hearing (Audiology) * Brain/Nervous System (Neurology and Neurosurgery) * Ear-Nose-Throat (Otolaryngology) * Foot Health (Podiatry) * Arthritis (Rheumatology) * Plastic Surgery and Hand Surgery * Digestive System (Gastroenterology) * Eyes/Vision (Ophthalmology) * Vascular Surgery * Women's Health (Obstetrics/Gynecology)

Services are available from 8:00 a.m. to 5:00 p.m., Monday through Friday. Contact for information and to make appointments: 518-254-3317.

Surgical Services Same-day surgery is offered at Cobleskill Regional Hospital. Among the physicians who perform surgical procedures at CRH are general surgeons, orthopedic specialists, gynecologists, ear-nose-throat specialists, and gastroenterologists. These specialists, as well as the surgical team's anesthesiologists, are affiliated with Bassett Healthcare. Foot surgery and procedures performed by podiatrists are also available. The hospital's surgical team also includes a group of highly skilled and experienced OR nurses. Recovery generally takes place right in the surgical suite for same-day surgery and the emphasis is on preventing complications following surgery and ensuring appropriate follow-up care. The surgical suite is located on the hospital's ground floor. For more information on the surgical procedures available at Cobleskill Regional Hospital, please call 518-254-3456.

Women's Health Center Services are available from 8:00 a.m. to 5:00 p.m., Monday through Friday: contact 518-254-3307. Women's services are provided by a physician specialist in obstetrics/gynecology, a Physicians Assistant, and a certified nurse midwife:

- Prenatal Care
- Postpartum Care
- Annual Exams

- Gynecology Conditions
- HIV Pre and Post Test Counseling

Out-patient Rehabilitation Services

- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Hand Therapy

Our fully licensed and certified therapists offer a complete range of outpatient physical therapy services designed to help patients restore strength, movement, and functioning and to prevent disability due to disease, injury, or aging. The Department is open from 7:30 a.m. until 7:30 p.m. from Tuesday through Thursday, and from 7:30 a.m. until 5:30 p.m. on Mondays and Fridays. Occupational therapy and speech therapy are also available during extended hours by special arrangement.

Laboratory The hospital operates a main laboratory at the hospital on Grandview Drive in Cobleskill and a satellite blood work station at 1 Cooley Drive in Delanson. Each year, the BHSC laboratory processes in excess of 175,000 tests. The lab employs approximately 22 people, including technologists and phlebotomists.

The Cobleskill Regional Hospital laboratory has earned the Joint Commission's Gold Seal of Approval. The award of accreditation is for a two-year period ending in July 2008.

Laboratory outpatient services are available at both sites without appointments. The Delanson site is open Monday, Tuesday, Thursday, and Friday, from 8:30 a.m. to noon. The main laboratory, located at the hospital on Grandview Drive in Cobleskill, is open Monday through Friday, from 7:30 a.m. to 6:00 p.m. In addition, the main laboratory is open Saturday from 9:00 a.m. to 11:00 a.m.; however, an appointment is necessary. To make an appointment, call 518-254-3341.

Medical Imaging

- Diagnostic Radiology
- Computed Tomography
- Ultrasonography
- Mammography – screening and diagnostic
- Fluoroscopy
- Bone Densitometry (DEXA)
- Open MRI

We recently upgraded its MRI to a MAGNETOM Espree – the most spacious and powerful MRI on the market today. A mobile MRI is stationed at our hospital at least one day per week, giving Schoharie County residents access to a non-invasive diagnostic tool that helps doctors detect developing diseases earlier than ever before.

Appointments: 518-254-3350

Emergency and Inpatient Services: 24 hours/day, 7 days/week

Outpatient Services: 8:00 a.m. – 4:30 p.m., Monday – Friday

CT Scan Outpatient: 7:00 a.m. – 4:30 p.m.

Bone Densitometry: 8:00 a.m. – 4:30 p.m. Tuesday & Wednesday, Friday mornings

Mobile MRI - Wednesdays

Sleep Lab The comfortable four-bed Sleep Lab is located on the upper level, next to our newly renovated Ambulatory Care Center. It is staffed by an experienced technician, with support from a patient access specialist and a secretary. It is open three nights per week for sleep studies, which are used to diagnose sleep disorders, such as sleep apnea and periodic limb movement disorder. Call 518-254-3317 for information.

Social Work Services provides a wide-range of services to all clinical areas of the hospital. Assessments and referrals for all psychological and psychosocial issues are provided, including but not limited to, child abuse, sexual assault, domestic violence, mental illness, chemical dependency, and adjustment to chronic or terminal illness by referral. HIV counseling and testing are provided by referral. Discharge planning for patients going home, to adult homes and nursing homes is routinely provided.

Support Groups are offered in cancer support for patients and family members/loved ones and Alzheimer's support for caregivers.

Lifeline is a personal response service that allows people to live independently and ensures those living at home receives quick assistance when they need it. Once activated a Lifeline professional responds, assesses the situation calls for help, be it a loved one, neighbor or an ambulance. Call 518-254-3210 for information.

Community Service Program The hospital provides care to many people each year who do not have health insurance and are unable to pay their bill. Through this program, patients who do not have insurance and have been denied coverage by Medicaid during the past six months may qualify for free care. Others may qualify for a discount on care. Discounts are made on a sliding scale depending on income. Patients must fill out an application for the Community Services program and provide proof of Medicaid denial within the past six months, and provide proof of income to qualify for free care.

The Leukemia & Lymphoma Society is the world's largest voluntary health organization dedicated to funding blood cancer research, education and patient services. The Society's mission: Cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families.

First Connections- a phone support program for newly diagnosed patients and families

(Leukemia/Lymphoma Society, Continued)

COVERED EXPENSES (*detailed description*)

The program will reimburse you up to \$500 for costs not covered by your insurance, related to the care, treatment, or control of leukemia, Hodgkin and non-Hodgkin lymphoma, myeloma and other blood cancers.

REIMBURSABLE EXPENSES

- Chemotherapy drugs and other medications prescribed to treat your cancer and side effects (a list is enclosed)
- Drug administration fees
- Radiation therapy including administration fees
- Blood and marrow transfusion and testing costs, as follows:
 1. Compatibility typing and pre-transplant screening
 2. Processing, typing, screening, cross-matching, and antibody testing of whole blood and blood components related to blood or marrow transfusion
 3. Infusions of marrow, cord blood, or stem cells
 4. HIV (HTLV-III) and HTLV-I antibody test
 5. Transfusions (platelets, whole blood, red blood cells etc.)
 6. Administrative fees for processing the above
- Transportation costs to and from the doctor's office, treatment center, hospital, clinic and support groups, as follows:
 1. Mileage at the rate of 5 cents per mile
 2. Air travel tickets
 3. Public transportation (including charges for bus, train, taxi, ambulance, subway or ferry)
 4. Tolls
 5. Parking fees (must be from the treatment center/hospital parking lot)

To be reimbursed you must submit original detailed receipts and for travel use the "Request for Transportation Reimbursement" form signed by a representative from the treatment facility

NON-REIMBURSABLE EXPENSES

While the Society assists in many treatment-related costs, there are some expenses that it is unable to reimburse at this time. These include the following:

- Diagnostic procedures (such as bone marrow aspiration, bone marrow biopsy and lumbar procedures)
- Hotel rooms
- Rental cars
- Gasoline bills
- Hospital costs (room charges and fees)
- Medical Supplies (such as syringes and bandages)
- Healthcare professional fees for check-ups and consultations
- Homecare and housing expenses
- Non-prescription medications
- Blood or lab fees (unless listed above)

The Leukemia & Lymphoma Society Co-Pay Assistance Program

PLEASE NOTE: THIS IS A SEPARATE PROGRAM FROM OUR PATIENT FINANCIAL AID PROGRAM, BASED ON INCOME LEVEL. PLEASE SEE GUIDELINES ON BACK TO SEE IF YOU QUALIFY. THANK YOU!

The Leukemia & Lymphoma Society's Co-Pay Assistance program offers financial assistance to patients who are having difficulty paying their insurance premiums or co-pays for medications. Support for Co-Pay Assistance is based on the availability of funds and provides fund amounts according to diagnosis to patients who reside in the United States, meet a financial eligibility criteria and have a diagnosis of:

- **Myeloma**- assistance is available up to \$1500
- **Hodgkin Lymphoma**- assistance is available up to \$2500
- **Non-Hodgkin Lymphoma**-assistance is available up to \$2500
- **Acute Myelogenous Leukemia**-assistance is available up to \$1500
- **Myelodysplastic Syndromes**-assistance is available up to \$1500

Unlike the Society's Patient Aid Program, the Co-Pay Assistance Program is based on income. Patients whose income is at or within 400% above the [United States Federal Poverty guidelines](#) are eligible for assistance. (Refer to the chart below). In most cases, the payment will be sent directly to the patients' pharmaceutical supplier, hospital, doctor, insurance provider, and less commonly, directly to the patient. Patients will be required to complete an application and provide supporting documentation. All documentation will be kept confidential and is viewed solely for approval into the program.

For an application or more information, please visit us online at www.LLS.org/copay Or call our Information Resource Center at 877-557-2672

2007 HHS Poverty Guidelines		
Persons in Family	48 Contiguous States and D.C.	500% above Poverty Level
