

Central Bridge Sewer District

Sewer Lateral Connection Notice and Application Directions

1. The Central Bridge Phase 1 Sewer Collection System and Treatment Plant are complete and have been fully tested as of August 4, 2009. The system is ready to accept wastewater from your property, so you may now apply for a permit.
2. Permit Applications are available at the Central Bridge Post Office in a folder on the bulletin board, Esperance Town Hall, Schoharie Town Hall and on the Schoharie County website at <http://www.schohariecounty-ny.gov/CountyWebSite/townsch/CBSewerWater.jsp>.
Do Not start work without a Permit.
3. The Application fee is \$30 made payable to the Central Bridge Sewer District.
4. The Application fee covers the cost of the permit application review and the three required inspections that will be made by Robert Barratiere who can be contacted at 518-265-0662 (cell). The inspections are to check that the lateral pipe has been installed at the proper grade in the trench, to make sure the main sewer connection in the basement is proper and to verify that the old septic tank has been pumped out and filled with suitable material.
5. The completed Application, along with payment, must be mailed to:

Central Bridge Sewer District
P.O. Box 152
Central Bridge, NY 12035
6. A Permit will be issued by Mr. Barratiere and must be posted in a visible location on your home.
7. For any questions regarding the sewers, please call Robert Barratiere at 518-265-0662.
8. For any questions regarding billing, please call Luanne Mansheffer at 518-868-2576.
